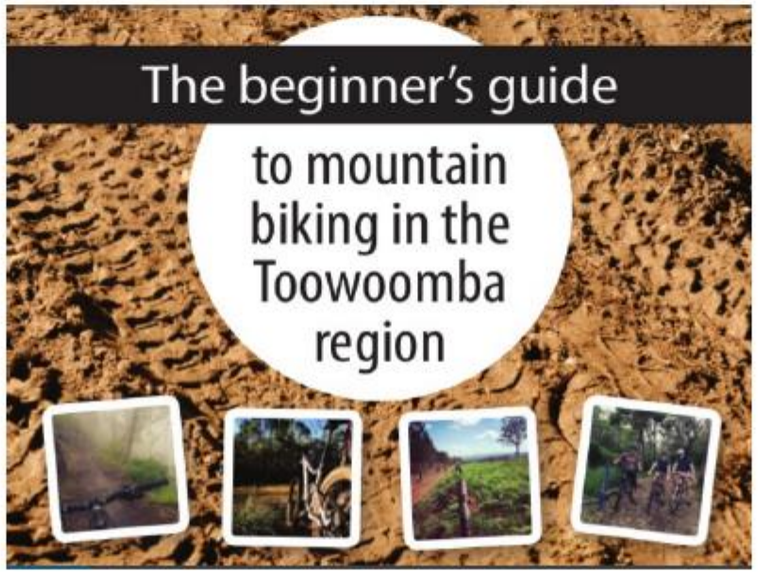
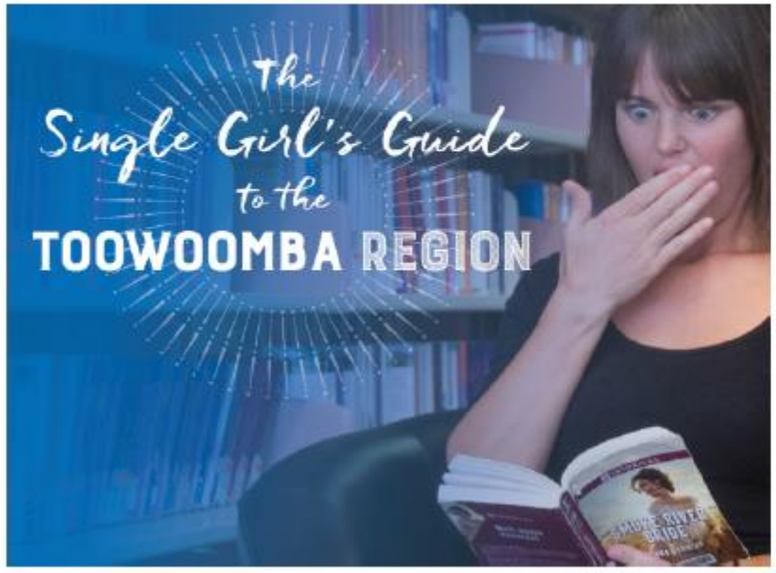
The responsible owner's guide to looking after your pet





TOOWOOMBA REGION
Rich traditions. Bold ambitions.

1 The Don Bradman

Whether you're the Twelfth Man, or scored a hundred in the backyard at Mum's, chances are you've used the old green wheelie bin as stumps.

We don't want to be the umpire no one likes, but remember, your bins are our property and there is a cost to replace them so we don't want to see them broken by your bad googly.

6 The 'she'll be right'

It's just one little petrol container. She'll be right mate!

There's no "she'll be right" about it, know what to put in each bin and if you aren't sure, click here.

4 The Tetris Bin Packer

All those years spent playing video games has probably equipped you with mad Tetris skills, but just because the lid is down, doesn't mean it's good to go.

Flatten cardboard, squash cans and bottles to make more space and make sure to talk to us if your bin is only partially emptied. Talk to us!

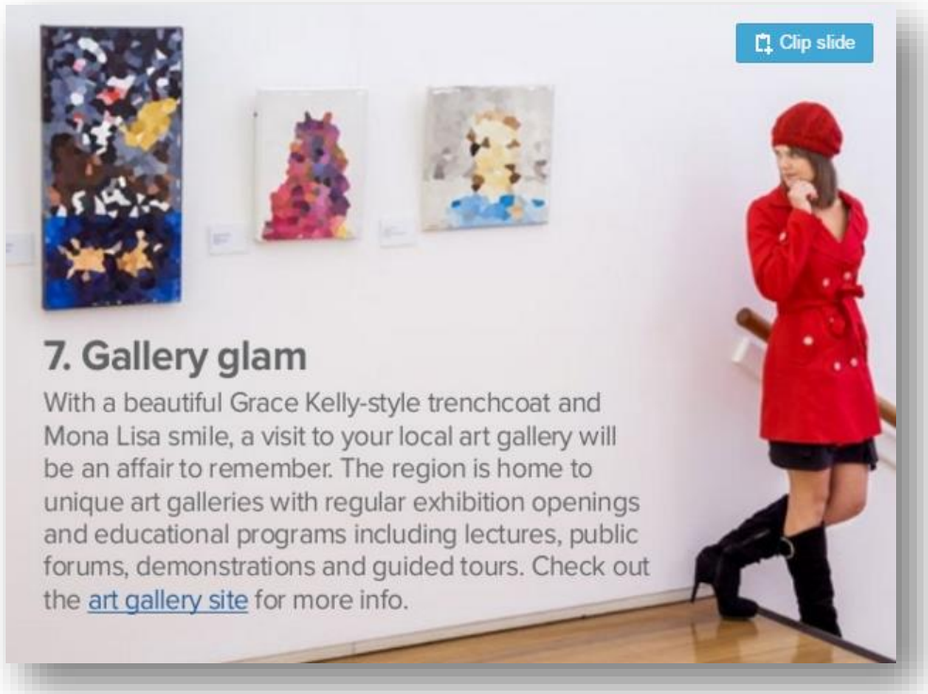
1. Okie-Dokie Karaoke Nights

There are so many pubs and clubs in our region, do some investigating and find one that suits your particular likes – open mic nights, rock'n'roll dancing (surprisingly popular), karaoke, DJ nights, speed dating and more.

Don't be afraid to travel as some of the most beloved night spots are in the countryside. For more info on local music festivals and special events check out our Events Register!



7. Gallery glam

With a beautiful Grace Kelly-style trenchcoat and Mona Lisa smile, a visit to your local art gallery will be an affair to remember. The region is home to unique art galleries with regular exhibition openings and educational programs including lectures, public forums, demonstrations and guided tours. Check out the art gallery site for more info.
